MEMORANDUM FOR: See Distribution

SUBJECT: An/ORD Presentation on December 1 RE:
Research on Analysis and Representation
of Document Content

1. On 1 December at 1330 in Room 1E78, Headquarters,
we have scheduled a meeting at which we plan to present for information
and discussion a brief progress report on certain research in the area
of document content analysis and representation. This research bears
directly on the development of machine-aided procedures for analysis
and integration of intelligence information, and for indexing, storing,
and retrieving significant document content.

2. At the meeting, I plan to discuss briefly the ultimate
objectives of such research and its importance to the Agency. [   ]   25X1A
[   ] will discuss the work
done thus far on an Agency-supported project to study various
techniques of linguistic and logical analysis that might be employed
in machine-aided processing of English text and to develop an experimental
on-line system incorporating some of these techniques for the use of
intelligence analysts.
